Library Advisory Committee (LAC):-

- A Library Advisory Committee has been constituted in order to ensure proper administration of the library. It consists of a Chairman (Principal), a student representative, a Secretary (Librarian) and Other 8 members. LAC meets twice a year to review the library related matters. The LAC has well defined objectives.
- Library forms an integral part of an academic institution. A library committee has been constituted to facilitate effective and smooth functioning of the library.
- The advisory committee meets 2 times in an academic year to take decisions about various issues related to library facilities, services and its execution for better functioning.

Functions of the Library Advisory Committee:-

- To formulate rules and regulations of the library.
- To do Annual planning and Annual Budget Provision.
- To purchase essential books, journals etc. as required by HOD, teachers and students.
- To make arrangement for proper storage of books.

- To make improvement in safety, security and facilities.
- To provide every possible support and guidance to the librarian.
- To explore possibilities of establishing academic ties with other library bodies.
- To consider and put forward the views and ideas of faculty and students regarding selection and acquisition of library resources (i.e. books journals etc.) and other library services.
- To ensure technological up gradation of the library.

BEST PRACTICE OF THE LIBRARY DEPARTMENT

Title of the Practice : ASC College E-content Repository

Considering the outbreak of COVID-19, due to social distancing and stay-at-home orders issued by Government Of India, all the schools, colleges & universities have been asked to shut down and make immediate transitions of moving education to online learning. This has posed a challenge for libraries, for users including teaching faculty and students, as well as the services the library has been providing during the pandemic period. To overcome this situation our college library has developed a Institutional repository which facilitates to host all the e-content created by the teaching faculties of the MGV's Institution wherein a learner can easily access the desired study materials through a single interface.

Aims & Objectives:

The aims & objective of the Institutional repository are as follows:

1. To provide open access to almost all e-content created by the teaching faculties of the MGV's Institution.

2. All the e-content created or being created by the teaching faculties of the MGV's Institution should be made available through a single point with search-browse, indexed and user-friendly interface.
3. Interlinking with other type of material (previous year question papers, syllabus, study materials hosted on the website of SPPU, Pune, e-books, e-journals, webinar lectures, articles, learning objects) to present single point access to related scholarly content.
4. To adopt digital preservation strategies to ensure long-term availability of e-content developed by the faculties of related discipline.
5. Provision to host other relevant e-modules available in open access.
6. To promote usage of e-content amongst students and the teaching faculties.
